

Printondemand-worldwide,

making our services work harder for you.

## Introducing Printondemand-worldwide

Printondemand-worldwide has been trading nearly two decades, proudly making us one of the UK's longest established award winning family owned digital book and journal printers.

Our high speed sheet and web fed digital printing presses eliminate the need for plates, storage and wastage associated with traditional litho book and journal printing.

High-quality perfect bound, wire/spiral or notch-bound books, printed in black and white or in full colour, are manufactured at our fully FSC certified production plant for distribution around the world.

Digital quantities range from as low as one copy up to 2,000 copies competitively. For over 2,000 copies we offer a traditional litho solution.

We offer affordable high-quality digital printing for both books and journals including colour insert sections on coated papers. Colour sections can be inserted throughout the publication and on a wide variety of paper stocks.

If you thought litho colour quality from digital printing was a myth, think again!

**Winner of Océ UK 'Innovation Award for Automation in Digital Book Printing' March 2011**

## Mailing and Distribution Services

We offer full mailing and distribution services to our publishers, including personalised full colour direct mail. For publishers wishing to have their short run mailed to an individual address UK/Europe or Worldwide we can help by taking the address files, generating the labels and mailing direct. Please ask one of our representatives for more details.
